Hi my name is [REDACTED] and I live at [REDACTED] Privacy [REDACTED] I have had a homeless encampment in front of my house for the past 2 years is now very large it is not possible to walk down the side walk. There have been multiple service requests the past few months and I've made another one again this month. When do you think it will be cleaned up.

Thanks,

[REDACTED] MD

Hi I wanted to check back in with you regarding the encampment. There still has been no cleanup. At this point the trash is to the point of there being no sidewalk available and the odor has become quite strong. When would be the earliest cleanup day?

Hi [REDACTED],

Have you reported this to 311 and opened a Service Request Number?

I am working on getting this location scheduled for another clean up but I do not have a date for service from the Department. Please keep in mind that resources are limited and with the rain, we have lost a few service dates which has added to the delay.

If there is any criminal activity is should be reported to LAPD, any emergencies should go to 911.

We are limited in what we can do to prevent anyone from coming back on to public property and that is why they return.

Once I get a confirmed date from Sanitation I will let you know.

Thank you for reaching out.

and it has been cleared multiple times by the city. However the encampment immediately comes back. It is now larger than ever and I have noticed syringes and pill bottles in the area. I have also noticed various cars pulling up to the encampment and am not sure whether there are illegal activities going on. I am hoping that there can be an investigation into what is actually occurring there and to finally get the trash cleared from the area and to get resources for the homeless folks living there after so many failed attempts. Attached are some photos of the area.

Thank you,

[REDACTED]

Hi [REDACTED]

I am working on getting this location scheduled for another service day. We have had some delays since we had rain on our last 2 service days. If it rains, the encampments can not be serviced.

Thai location is on our radar as one of my top locations for when we are in Rampart, but again, we are very much behind due to the weather.
